Correct it was anonymous and all parties (Mesa FD, ADEQ ERU, and EPA CID) deemed it a hoax. No one could find evidence any release occurred.

A closer review of the little NRC information that is available on-line suggests that there is a question whether the call to the NRC was within the time limits for compliance with CERCLA 103, also. The materials provided by the Maricopa County LEPC indicate the release occurred on 4/26/16, but the NRC website indicates a report on 4/27/16, many hours later. Please add this issue to your investigation and enforcement.

Thanks
